BLUE VEIL MINISTRY'S MANDATE

Blue Veil's mandate is to promote the welfare of children, youth and special needs adults by:

(i) developing and providing music-based educational and social integration programs to assist children and youth in finding their own spiritual identity and developing into principled members of their communities; and

(ii) developing and providing educational and support programs to assist special needs adults to become more independent in the community. We are open to everyone who needs our help regardless of ability, financial circumstances, nationality, race or religion.

OUR TARGET AUDIENCES – Children, Youth and Special Needs Adults

Our Blue Veil Band has had the privileged of performing for over 6000 young people in May and June alone. We visited over 12 schools and performed for students that ranged from JK to Grade 12. We have also been privileged to run a retreat for elementary students in grade 7 and 8 supporting their religion program and helping these students who will be moving forward into a Secondary school. Our up coming 2006-2007 Fall and Spring bookings will allow us to reach out to more young people - we estimate at least 45,000. Our musical team known as Blue Veil Band, has produced a CD which we use to raise funds and create awareness for our charity.

BENEFITS TO ALL THOSE WHO PARTICIPATE AT SARA ELIZABETH CENTRE

SARA ELIZABETH CENTRE provides so many benefits to all our participants. Our day program socially integrates our special needs adults along with "able" peers who come to work through co-op programs and with youth groups who come to spend a day with us through retreats or workshops. Coop students can use this experience from their placement with us as an opportunity to develop themselves personally and gain the necessary employment skills, so that they may pursue their careers and have meaningful and fulfilling futures. This environment integrating youth with our special needs clients promotes self-esteem, team work, life-skills, and independence, especially by using the arts as a means of learning and self-expression. Our professional instructors are employed to teach and encourage each youth to discover his/her talents, and to achieve his/her highest potential. Participants work on gaining life skills, computer skills and do recreational activities for the remainder of the week. Games and exercises, improvisation, dance movement and vocal work continue as part of the daily routine.

Blue Veil Ministry Donation Form

Please use pen when completing this form.

Name: _____

Address: _____ City: _____ Province: _____ Postal Code: _____

Telephone: _____ ext: _____ E-mail: _____

Please check [] the amount of your donation. (A tax receipt will be issued for donations in excess of \$15.00):

\$20 \$35 \$50 \$75 \$100 Other. Please indicate \$ _____

Please send the completed form along with your gift to:
